Maniglia / Handle / Poignée

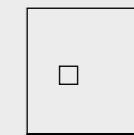

Tutti i componenti della gamma si distinguono per la linea moderna e squadrata, rendendo la serie attuale e adatta a qualsiasi ambiente bagno improntato su pulizia ed essenzialità. La maniglia è cromata dalla forma allungata e discreta.

EN All the components of this range are distinguished for the straight and modern lines, making this collection trendy and adapt for any bathroom environment wishing to recall a clean and essential style. The handle is chromed with a long and discrete shape.

FR Tous les composants de la gamme se différencient pour les lignes modernes et carrées en rendant la série actuelle et bien adaptable à quelconque salle de bain qui est inspirée à la propreté et à l'essentialité. La poignée est chromée avec une forme allongée et discrète.

Minimal

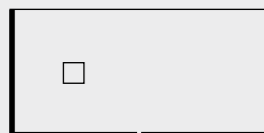

Cerniera / Hinge / Charnière

Slim si differenzia dalle altre gamme minimali Disenia grazie all'introduzione di micro-profili che si collocano sotto i vetri permettendo il posizionamento della cabina sull'esterno bordo piatto pur mantenendo un aspetto pulito ed essenziale. La cerniera permette di far scorrere il vetro di ben 30mm rendendo la regolazione estremamente semplice.

EN Slim distinguishes itself from the other Disenia collections thanks to the introduction of micro-profiles under the glass panels that permit positioning of the shower enclosure towards the outside of the shower tray border, managing to keep up a clean and essential look. The hinge permits the glass to run for 30mms, making adjustment operations very simple.

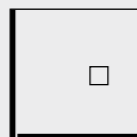

FR Slim se différencie des autres gammes minimales Disenia grâce à l'introduction des micro-profils qui sont placée sous les verres en permettant le positionnement de la cabine sur la partie externe du bord receveur en maintenant un aspect propre et essentiel. La charnière permette de faire coulisser le verre de 30mm avec un réglage simple.
